The diagram shows a rectangular box labeled "Power controller". A horizontal arrow points from the left towards the top edge of the box, with the label "Power" above it. Another horizontal arrow points from the left towards the bottom edge of the box, with the label "controller" below it. Three vertical dashed lines extend downwards from the top edge of the box, and three vertical dashed lines extend upwards from the bottom edge.

A diagram consisting of a dashed rectangular border. Inside this border, there is a single solid horizontal line extending from the left side towards the right. This visual representation indicates that the extension cable is optional and can be omitted.
